

## Masterarbeiten

2004

Oli Jira Eide

Profitability of investment in Cupressus lusitanica and Eucalyptus globules plantation at central high lands of Ethiopia. (With particular reference to Shashamene Forest Industry Enterprise)

2004

Phimmavong, Somvang

The effects of industrial eucalyptus plantation on distribution of income: Evidences from regional financial analysis in Hinboune District, Central Laos

2004

Nkamanyang, Siri Patience

A comparative study of gender issues in community forestry management in the Bamenda Highlands Forest Project. A case study of six villages in the Bamenda Highlands of North Western Cameroon

2004

Gurung, Babita

Analysis of community forestry fund mobilisation process within the forest user groups of Kaski District, Nepal. (Case study of two community forestry user groups)

2004

Gurung, Udaya

Effect of tourism on fuelwood consumption in Nepali village. (Case study of village Sirubari)

2003

Hayder Ahmed Yousif

A comparative study of farming activities with reference to eucalyptus plantation in Jebel Marra Area (Western Sudan)

2003

Agrawal, Pankaj

Study of the cultivation of medicinal species on farm land in the state of Madhya Pradesh, India: case study of cultivation of Chlorophytum borivillianum (safed musli)

2003

Devi, Kanchan

Promotion of existing joint forest management committees as micro financing institutions for the empowerment of women's self help groups, a case study from district Betul, MP India

2003

Sue, Deborah L.

The role of forest certification in sustainable plantation management. Case study of Fiji's Mahogany Plantations

2003

Tadesse, Benti

Applying remote sensing and GIS techniques to assess land degradation in terms of vegetation cover and land use changes in the Wochecha-Menagesha Watershed, Central Highlands of Ethiopia

2003

Sapkota, Indra P.

An assessment of inter-group benefit sharing of forest produces in the Terai Region of Nepal (a case study of Shankarnagar Community Forest)

2003

Suliman Mohamedain, Mahgoub

Assessing and mapping land use/land cover change using remote sensing and GIS: A case study of El Amud Al Akhdar Settlement, Southern Farfur-Sudan

2003

Villamor, Grace Ballesfin

Forest policy change in the Philippines: An analysis from the perspective of the Advocacy Coalition Framework (ACF)

2003

Nsiah, Bernard

Assessing the influence of decentralization on local communities participation in forest management and decision-making in two forest districts of Ghana (the case of Offinso and Mampong Forest Districts)

2003

Guo, Zhimei

Comparison of eco-economic benefits of different tropical land uses-rubber-tea intercropping, rubber and tea monoculture in Hainan, China

2003

Prak Noma

Investigation on land utilization and management in state forest reserves. A case study of Dong Tong Teak plantation, Kampong Cham province, Cambodia

2003

Darr, Dietrich

Farm forestry in semi-subsistence and monetary economies and its interdependency with the land tenure system. Case studies from central Laos

2003

Göhler, Daniela

Livelihood Strategien unter besonderer Berücksichtigung der Waldressourcen. Dargestellt am Beispiel der Fokontany Tsilakanina im Nordwesten Madagaskars.

2003

von Lüpke, Heiner

Potential of three land use types for carbon forestry projects in the region of Aysén, Chile: Assessment under criteria for the Clean Development Mechanism

2003

Addisalem Ayele Bekele

Forest fragmentation and its impact on genetic variation of cordia africana lam. Population around Wondo Genet, Ethiopia

2003

Khiry, Manal Awad

Monitoring and evaluation of vegetation cover changes in semiarid areas: A case study of Khartoum Forest Sub-Sector, Sudan

2003

Monges Zalazar, Elizabeth F.

Outcomes of three forestry extension approaches in Paraguay: An explorative study

2002

Muhammed, Nur

Sustainable forest management: Study on growing stock, yield regulation and teak timber production in Southern Sylhet Forest Division of Bangladesh

2002

Thaung Naing Oo

Comperative study on socio-economic impacts of dry zone rehabilitation techniques: A case study of two villages in Mandalay Division, Myanmar

2002

Nguyen Trung Thanh

Comperative Analysis of mangrove-based farming systems in the North and the South of Vietnam

2002

Afari Dartey, Samuel

Changes in the structure and function of the forestry sector and its contribution to national development (The case of Ghana)

2001

Ezibon Lagure, Johnson

Investigations to the management of natural resources for improved agroforestry systems in the Lake Victoria Basin, Kenya

2001

Geringer, Ulrich

Exploratory investigations in livelihood strategies of rural small-scale production systems in Lower Amazonia, Brazil

2001

Pina Cortéz, Leticia

Socio-economical comparison of traditional and communal management of the forest in Celaque National Park, Honduras

2001

Meijberg, Arnoud C.

Timber trees: A new agricultural crop? An explorative study of the farmers' behaviour tree planting in the JFM Gwira Bansa Project, Ghana

2001

Sherefa Muzein, Bedru

TUD spatial and temporal forest cover changes in recent population settled areas of the Southwest Ethiopia

2001

Funke, Iris E.

Analysis of land allocation and implications on land management: A case study of two villages in Sang Thong district, Vientiane municipality, LAO PDR

2001

Khatun, Fatima

Investigation on practices and performance of tree growing on agricultural fields in the Bogra Region, Northern Bangladesh

2001

Romero, Fredis J.

Environmental analysis and assessment of damages caused by the hurricane Mitch to forests in the central region of Honduras, using digital image processing, GIS techniques and field data

2001

Bui, My Binh

Impacts of forest land policy change on household's livelihoods: Case study from Tu Ne Commune, Hoa Binh Province, Vietnam

2001

Paul, Nirmal Kumar

Comparative analysis among different social forestry approaches of NGO's in Magura District, Bangladesh

2001

Kumar Thakur, Gajendra

The impact of commercialisation of community forestry on the rural community in Nepal

2001

Leigh-Mansaray, Sarah

Investigating indigenous forest tree and hybrid cola (*cola nitida*) growing by small-scale farmers with special emphasis on social acceptance in the Oda-Kotoamso Community, Western Region, Ghana

2001

Sulaiman, Masturah

The valuation of non-market benefit of biodiversity in Danum Valley Conservation Area, Sabah, Malaysia: The case study of casual visitors to Danum Valley Field Centre

2001

Adam Khamis, Mohamed

Management of *Boswellia papyrifera* stands for resin production in Jebel Marra Area, W. Sudan, present situation and future prospects

2001

Qin, Guanghua

Why do farmers cut their trees. Profitability analysis for even-aged pine plantation vs. annual crops in China

2001

Ba, Kaung

Forest plantation management between centralised and participatory planning: A case study of East Pegu Yoma Project, Myanmar

2001

Abukari N. Attah

Application of drying stress techniques in the development of an accelerated drying schedule for combined thickness of Wawa (*Triplochiton Scleroxylon*) a tropical hardwood of Ghana in Kiln Dry Chamber

2001

Fu Jun

Farming systems research for integrating sloping land use into the existing farming system in the Loess Plateau Gully Region of Shaanxi Province, Northwest China

2000

Hassan Elnour Adam

Developing a sample method for assessment of growing stock, composition and distribution of trees in Abu Haraz Natural Reserved Forests in N. Kordofan State, Sudan

2000

Mojica, Llarina S.

Gender analysis in community based forest management in Ilocos Sur

2000

Wairungu, Simon N.

The effects of non-commercial utilisation of forest resources on the species composition and nutrients at Uplands, Kenya

2000

Elhadi, Hanan Mohamed

The socio economic impacts of energy conservation stoves: Case study of El Ain Area North Kordofan, Western Sudan

2000

Choque, Oscar

Competitiveness of the tropical certified wood products in Germany. Implication for the Bolivian Garden Furniture Industry

2000

Li, Xiufen

Investigation in the participation of major actor groups managing shelter forests in Shandong Province, China. A case study on Matou Project Area in Zouping County

2000

Akhter, Mariam

Application of GIS in forest monitoring a study area in the Sundarbans Reserved Forest, Bangladesh

2000

Rahman, Md. Mahmudur

Application of remote sensing and geographic information system for assessment of forest cover change in Southern Chittagong, Bangladesh

2000

Aung Thant, Zin

Potentialities and constraints of teak bearing forest for sustainable forest management under current management system in Oattwin Township Forest, Bago Yoma Region, Myanmar

2000

Tagho Ngu, Valerie M.

Contribution of the prunus africana trade to the livelihood of prunus harvesters in the Mount Cameroon Region, case study of Mapanja, South-West Province, Cameroon

2000

Aziz, S. M. Ahsanul

Homegardens of Baro Kalampur village in Kaliakoir upazilla of Gazipur district of Bangladesh: A study of traditional agroforestry cropping system in village community

2000

Jayatunga, Rajamunilage D. S.

Investigation on traced development of Kandyan home gardens from self-subsistence toward the market oriented productions: A case study of village Meegamma-west, Pathadumbara Divisional Secretariat in Kandy District, Sri Lanka

2000

Srivastava, Alok K.

Dynamics of deforestation in the north east part of India in socio-economic perspective. A study supported by remote sensing and GIS

2000

Fikadu, Abraham Reda

A comparison of two sampling methods and four volume estimating approaches for the management of Menagesha-Suba State Forest, Ethiopia

1999

Weragoda A. Ch. Weragoda

Impact of selective logging on floristic composition and species diversity in tropical moist forests of Sinharaja in Sri Lanka

1999

Shrivastava, Avinash C.

Strategic groups and conflict: A study of forestry sector of Tripura

1999

Abdela, Ebrahim A.

Determination of time of planting based on moisture regimes for selected tree species at Debre-Zeit, Ethiopia

1999

Hahn, Volkmar

Socio-economic evaluation of forest reserves and community forests in Central-Kordofan/Rep. of Sudan

1999

de Lima Neto, Joao F.

Analysis of technique and social implications of palm heart extraction: The case of Joao Pilatos Island near Belém, Pará State, Brazil

1999

Bhandari, Bishnu P.

Present contribution and future prospects of medicinal and aromatic plants (MAPs) to the socio-economic development of high mountainous belt of Nepal. A study in Lamjung district

1999

George, Jacqueline I.

Community wildlife and the socio-economic impacts: A study in the buffer zone South of Selous Game Reserve, Tunduru District - Tanzania

1999

Zhang, Deshun

The rare and endangered plants conservation in Chinese Botanical Gardens

1999

Yang, Chuangui

Indicators for the effects of air pollution on *Pinus densiflora* Sieb. Et Zucc. and *Platycladus orientalis* (L.) Franco in Jinan Middle-East China

1999

Navarro, Guillermo A.

Forest economics and investments in the tropics. Valuation techniques and investment decision model for private timber-oriented even-aged plantation forestry under monetary incentive instruments in Costa Rica

1999

Martínez A., Pablo A.

Chances for sustainable forestry management in Imataca Forest Reserve. Financial feasibility and cost-revenue analysis of the sustained management of an administrative unit in the Imataca Tropical Forest Reserve (Bolívar State, Republic of Venezuela)

1999

Meneses G., Erick

Agroforestry in the Amazonia. Study of homegardens in smallholder farming systems in the Manu Biosphere Reserve in Peru

1999

Osei, Joseph W.

Private commercial forest plantation investment in Ghana: Assessment of profitability and financing capital under credit rationing

1999

Dampha, Almami

Gender analysis in forest resource management

1999

Machado dos Santos, Wandreia N.

Analysis of the extraction of forest products by households: A case study of two villages in the Melgaco municipality, Pará State - Brazil

1998

Zitzmann, Gerhard

Multiple use and livelihood strategies in Mopane woodland. The case of Ditladi, North-East district, Botswana

1998

Mudit Kumar Singh

Role of non timber forest products in relation to the socio-economic upliftment of the local communities through the village committees under the joint forest management system: A case study of village Jabalpur in Dewas and Chandermuli in Jhabua district in India

1998

Padilla-Reichenbach, Josephine

The impact of low mechanized forest utilization to the community

1998

Zheke Zhong

Ecological effects of forest rehabilitation in the Red Soil Area of P. R. China

1998

Mkandawire Ch., Martin

Influence of natural uranium and decay products on the ecosystem of Kayerekera Area in Northern Malawi

1998

Barua-Tarh, Tanyitiku

Forest industry development: Practices and prospects. A case study on Cameroon

1998

Bekera, Dula J.

Development and the socio-economic importance of coffee based traditional agroforestry system on smallholders' farm in Jimma zone, Manna district, South-western Ethiopia

1998

Joram Kimenju Kagombe

The suitability of the shamba system to forest plantation establishment in Kiambu district, Kenya: An evaluation of socio-economic issues

1998

Prayitno, Didik

Impacts of harvesting on species composition and nutrient distribution in dipterocarp forest ecosystem in East Kalimantan, Indonesia

1998

Wang Lifeng

Historical survey of the system and assessment of constraints towards sustainable gum resin production in the pine forests of Guangxi Province, China

1998

Sanzida Baten, Cassia

Rehabilitation of the denuded and encroached government sal forests of Bangladesh, involving encroachers and local poor people: A socio-economic study in Vannara

1998

Abuelgasim Abdalla Adam

Ecological aspects and dynamics of selected woody plant formations in Jebel Marra Mountains, Darfur-Sudan

1998

Tarimo, Paulo S.M.

Assessment of the contribution of tree and fodder cultivation to the economics and livelihoods of rural households

1998

Qiang Liu

Nutrient status and the effect of site condition on symbiotic nitrogen fixation in plantations of *Casuarina equisetifolia* L. Johnson on sandy and alluvial soil in Haikou, Hainan Island, China

1998

Mutwakil, Hanan A.

Contribution of forest products to the livelihood of farm households within sedentary farming subsystems of Sheikan Province - Western Sudan

1998

Zeinab Mohamed Hammad

Potential and extraction systems of non-timber forest products of major importance to rural people in Southern Kordofan, Western Sudan. A case of Abu Karshola Rural Council.

1997

Tran Kim Long

Analysis of agroforestry systems in Lien Son Village, Thuong Long Commune, Vinh Phu Province, Vietnam

1997

Zhang, Jianfeng

Investigation of poplar-linked agroforestry systems in North China with special reference to the tree components

1997

Yilma, Getachew D.

The analysis and application of potential timbers small clear specimens results in Ethiopia

1997

Moges, Getachew

Assessment of provenance and progeny trial for growth and performance of *Eucalyptus camaldulensis* Dehnhardt in Mankusa, Ethiopia

1997

Ngala, Odelia Yuh

The collection, processing, use and marketing of non-timber forest products (NTFPs), in selected villages of the Solidam Zone, located in the Centre Province of Cameroon

1997

Landaverde L., A. Daniel  
Coffee sector and tree based farming systems in El Salvador

1997

Koroma, Alie Patrick

The role of non-timber forest products in enhancing the participation of the local community in conservation efforts: A case study of two rural communities in the proposed Outamba-Kilimi National Park, Sierra Leone

1997

Basavaraju, Thigalanahally B.

Studies on light interception, soil moisture content and yield of finger millet in agroforestry systems in the semiarid regions of Karnataka State, India

## **ausgewählte Bachelor- und Diplomarbeiten**

2003

Göhler, Daniela

Kulturökologische Untersuchungen zum Wirkungsgefüge Mensch-Wald in Madagaskar, vergleichende Betrachtungen der Ethnien Sakalava, Tsimihety und Merina im Nordwesten der Insel

2003

Schreier, Robert

Kleinbäuerliche Waldbewirtschaftung in Südchile. Eine Fallstudie aus der XI. Region Aysén

2003

Förster, Felix

Waldbauliche Bestandsanalyse auf jeweils 1 Hektar Primär- und Sekundärwald im immerfeuchten tropischen Tieflandsregenwald des oberen Amazonasbeckens in Curiquingue, Ecuador

2003

Jabs, Christine

Regelwerke kommunaler Forstwirtschaft - Vergleichende Analyse der im Forstgesetz von Honduras festgelegten Modelle

2002

Krause, Michael

Assessment of current status of non-timber forest products (NTFP) treatment in Dúp and Ho'p Nhát villages, Hoà Binh and Hà Tây Province, Vietnam

2002

Kretzschmar, Marcus

Darstellende Analyse der Schnittholzherstellung eines holznutzenden Betriebssystems als Grundlage für eine Ökobilanz

2000

Lochschmidt (Petzold), Jana

Identifikation vermarktbarer forstlicher Nichtholzprodukte im Beni-Tiefland, Bolivien

1999

Ripperger, Jens

Vergleichende Analyse der Landnutzung in drei vietnamesischen Dörfern unter besonderer Beachtung der Landallokation im Zeitraum 1993-1999

1998

Martin, Uta

Historische Entwicklung der Forstwirtschaft in Südostasien an Beispielen der Länder Burma und Thailand

1997

Pompe (Geißler), Katja

Kleinbäuerliche Landnutzung und der Prozeß der Entwaldung, mit einem Fallbeispiel aus Ghana
